

SUPPORT FOR SPORT 2022/23

AN OVERVIEW OF SUPPORT FOR SPORT 2022/23

Introduction

We are now at the end of the three year transition period and the Support for Sport framework is now embedded within all engaged Governing Bodies of Sport.

The framework provides clear, logical and aspirational pathways for sports to obtain assistance from IOM Sport. This document outlines how the Support for Sport 2022/23 framework will assist Governing Bodies of Sport in developing their sports.

Background

In the previous three sporting years, IOM Sport asked Governing Bodies of Sport to produce a three year development plan from which annual priorities and objectives (P&Os) were to be identified for their sport.

Following the appointment of a Sports Liaison Officer (SLO) in March 2020, sports were encouraged to align their P&Os with those of IOM Sport during the 2020/21 and 2021/22 years:

- Increase participation in sport across all levels from grassroots to elite
- Improve and develop coaching, volunteering and officiating to enhance performance across all levels
- Improve governance of local governing bodies and member clubs

Sports received the opportunity to discuss their P&Os in thorough detail with the SLO, who offered advice and guidance prior to the final submission.

Due to ongoing disruption as a result from Covid-19 over the last two years, IOM Sport (through the SLO, Louise Corkill) have allowed sports flexibility to reallocate their agreed funding allocation where it aligns with their development plan and IOM Sport's Priorities and Objectives.

Sports have been able to reallocate funding to other already agreed or new objectives as appropriate and Louise has encouraged sports to review and communicate any known underspend to IOM Sport to ensure funds can be reallocated across sports where necessary.

Over the next 12 months, sports will be encouraged to review and update their development plans and set out their next development plan for the upcoming three to five years and Louise will be available to discuss and assist sports with their development plans where needed.

Current Situation

Through an internal review and following feedback from sports, official documents are now more user friendly and there are only some small tweaks to the P&O documents. Furthermore, the IOM Sport website is being developed to be a useful resource for sports with information, support guides and interactive resources aimed to help sports for the remainder of the sporting year and beyond.

Please continue reading the next page for further details on the Support for Sport 2022/23 timeline for the upcoming sporting year.

SUPPORT FOR SPORT 2022/23

TIMELINE FOR SUPPORT FOR SPORT 2022/23

Sport's Priorities & Objectives (P&Os)

SEPTEMBER - DECEMBER 2021

Governing Bodies of Sport (GBS) to establish their P&Os for the sporting year and where possible, align their P&Os with those of IOM Sport;

- Increase participation in sport across all levels from grassroots to elite
- Improve and develop coaching, volunteering and officiating to help enhance performance across all levels
- Improve governance of local governing bodies and clubs

Your Sport Review

DECEMBER 2021 - JANUARY 2022

Louise will send a Sport Review to all sports in December which is to be completed and returned by the end of January.

The better informed IOM Sport are in relation to your sport, the more likely we are to help your sport develop in the right areas.

Finalise paperwork & submission

JANUARY 2022 - MARCH 2022

GBS are encouraged to use the SLO (louise.corkill2@gov.im) who will assist with the P&O process ensuring that your documentation is best placed to receive maximum funding. From advising on what is likely or unlikely to be considered for funding, to final document submission, Louise is here to help!

Once sports are happy with their final document, they are to submit it directly to Louise via email no later than 31 March 2022.

What happens next?

APRIL 2022

Once the P&O process for your sport has concluded, the IOM Sport Sports Liaison Committee will recommend funding allocations to the IOM Sport Committee, who will then ratify the recommendations.

Louise will then communicate the final funding allocations for each sport for the 2022/23 sporting year via email to each individual sport.
